

PRINCIPAL NOTES

One out of three Canadians have a condition that paramedics and emergency responders need to know about, including many children that live with a medical condition, allergy or special need that must be communicated during a medical emergency.

MedicAlert is the **most trusted, most recommended medical ID service provider** in Canada. For more than 55 years, MedicAlert has protected the lives of over one million Canadians by offering **exclusive services** to those that are in need.

The **No Child Without** charitable program, founded by MedicAlert in 2006, has protected over 50,000 students in the last 10 years and supported school officials to address concerns about students living with chronic medical conditions, allergies or special needs.

This program provides **children and students**, attending participating schools, one **free** MedicAlert medical ID and **free** MedicAlert service plan coverage **between the age of 4 and up until their 14th birthday**. To date, the **No Child Without** program is available across over 200 school boards, in over 6,000 schools.

Tips for delivering the **No Child Without** program in your school

- Ensure all key staff are **aware** of a student's medical condition, allergy or special need.
- Share details of the program by making brochures **available** to your staff and parents; put up a program **poster** in the school, where space allows
- Discuss the No Child Without program in your school **newsletter** or on your school **website**. For communications tips, feedback, program inquiries and to obtain additional brochures and posters, please **contact** ncw@medicalert.ca or 1.877.282.5378.
- Each brochure features a unique **PIN number** and **bar code** assigned to a specific school. Brochures cannot be photocopied or shared with other schools.

“Safeguarding children’s health is a mandate of educators. The No Child Without program allows educators another avenue to access medical information that can save a life. At Evergreen CSRD, we are proud to implement this program and see it as an important step in providing school children support for health and wellness.”

- Cindi Vaselenak, Deputy Superintendent,
Evergreen Catholic Regional SD No. 2, Alberta

Parents and guardians should consider this program if their child lives with:

- A medical condition
- Allergies and requires the use of an epinephrine injector
- Asthma or uses an inhaler
- Autism or ADHD
- Medication they need to take

For a more comprehensive list of conditions, please turn this page over or visit: nochildwithout.ca

ABOUT MEDICALERT

MedicAlert Foundation Canada is a national registered charity, and it is the most trusted and most recommended medical identification service by healthcare professionals in Canada. MedicAlert has been protecting over one million Canadians for over 55 years, by offering **exclusive benefits** including:

- **Critical assistance in seconds** – An exclusive 24/7 Emergency Hotline that is answered within an average of 5 seconds, in 140 languages
- **Family notification service** – MedicAlert tells emergency responders what they need to know about the student and notify family members in the event of an emergency
- **Designed to rigorous medical standards** – ensures all information on the MedicAlert identification adheres to globally accepted medical standards that are critically relied upon by emergency responders

To learn more about the exclusive benefits of MedicAlert service, please contact us at **1.877.282.5378** or visit medicalert.ca.

The MedicAlert No Child Without program exists thanks to the generosity of our donors, the Lions Club of Canada and the Government of Canada. There is currently a **waiting list** of more than 1,000 schools. If your school would like to participate in **raising funds to support and grow this program**, please contact us at ncw@medicalert.ca.
